**MANAGEMENT COMMENTARY**

**GENERAL SERVICE AIMS AND OBJECTIVES**

**WHO WE ARE AND WHAT WE DO**

Dunbartonshire and Argyll & Bute Valuation Joint Board (the Board) is an independent local government body which was established by The Valuation Joint Boards (Scotland) Order 1995. We professionally compile and maintain the Valuation Rolls, Council Tax Valuation Lists and Registers of Electors for the Argyll & Bute, East Dunbartonshire and West Dunbartonshire Council areas.

**OUR AIMS**

Building on our established professionalism, we aim to provide high quality, transparent, effective and responsive services to all of our stakeholders.

**COMMITMENTS**

Within the constraints of the continuing tight public finance regime, we are committed to:

- Consulting our stakeholders, and listening and responding to their views;
- Valuing staff and providing them with opportunities to develop and contribute;
- Reacting innovatively to change;
- Encouraging innovation and recognising achievement within the organisation;
- Treating all stakeholders, including staff, in a fair, consistent manner and in accordance with our Equalities requirements;
- Striving for continuous improvement in all aspects of service delivery;
- Ensuring that we are accessible and accountable to stakeholders;
- Pro-actively planning workloads and deploying resources efficiently;
- Using language which is easy to understand; and
- Working with our partners in the Scottish Assessors' Association (SAA) to ensure transparency and Scotland-wide consistency of approach to service delivery.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**1.0 INTRODUCTION**

This report comprises the Board's Management Commentary to the Annual Accounts in relation to the 2021/22 financial year.

The main purpose of this Management Commentary is to inform all users of the accounts and to help them assess how the Board perform their duty to promote the success of the Board. This Management Commentary also summarises the functions and activities of the office of the Assessor and Electoral Registration Officer (ERO) over the past year and provides information on the performance levels achieved in carrying out the statutory duties of the organisation.

The requirements governing the format and content of local authorities' annual accounts (under s106 of the Local Government (Scotland) Act 1973 joint boards and committees are to be treated as local authorities) are contained in The Code of Practice on Local Authority Accounting in the United Kingdom (the "Code").

Throughout the year the operation, management and services of the Board were affected, to varying extents by the ongoing COVID pandemic and the Government restrictions introduced to control the outbreak. Notwithstanding, the main statutory duties of the Assessor and ERO were complied with. This was only possible through a managed mix of home and workplace working for staff. Employee attendance in the workplace was varied throughout the year in response to operational need, government restrictions, infection levels and public health advice.

The pandemic also resulted in government passing various items of legislation that altered the timetables for delivery of, and compliance with, the Assessor & ERO's statutory duties.

One area of function which was affected was the disposal of Non-Domestic Rating appeals. At the start of the year some 4,580 appeals submitted in the context of the pandemic had been received and these have been subject to legislative change, some of which is ongoing, relating to their validity and disposal dates. A cautious approach to travel and internal property inspections was maintained and this resulted in challenges relating to the maintenance of the Valuation Roll and the Council Tax Valuation List.

The Non-Domestic Rates (Scotland) Act (2020), provided for substantial change in the Non-Domestic Rating (NDR) system, but the secondary legislation required to implement it remains largely in draft and subject to Parliamentary amendment.

During the year, The Council Tax (Dwellings and Part Residential Subjects) (Scotland) Amendment Regulations 2021 implemented a requirement that, from April 2022, to be classed as self-catering holiday accommodation, premises must actually be let for at least 70 days in the financial year as well as the existing requirement of an intention to let for 140 days or more.

Maintenance activity in relation to the Council Tax List was higher than in most years arising from an increase in new housing availability, but as with non-domestic rating, disposal of proposals and appeals was hindered significantly during the year.

The annual Electoral Register was published on 1 November 2021 following the annual canvass, the date having been brought forward to assist with the preparations for a local government by-election in Argyll & Bute. A major feature of the early part of the electoral year was the implementation of contingency and resilience actions for the Scottish Parliament Election in May 2021 and towards the end of the year preparations for the May 2022 Local Government Elections were ongoing.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

The Management Team continues to be the main forum for decision making within the organisation. It met regularly throughout 2021/22 to manage statutory functions and operations, and develop, implement and monitor policies and strategies. Personnel changes within the Senior Management Team were reflective of a year in which recruitment was a virtual constant.

**2.0 GENERAL PROGRESS IN RELATION TO STATUTORY FUNCTIONS**

**2.1 NON-DOMESTIC RATING**

**Aims**

- To carry out a general revaluation, currently every 5 years (3 years from 2023);
- To timeously compile and maintain the Valuation Roll in accordance with the relevant legislation, to take account of new properties, properties which should no longer be entered in the roll, properties which have been altered, changes to the parties shown in the Roll and other changes arising from statute or other decisions of the Courts;
- To consolidate or improve upon the time taken between the date on which amendments to the Valuation Roll are effective and the date on which the Valuation Notice is issued;
- To publish the annual Valuation Roll and make it available to interested parties; and
- To deal with appeals by discussion with ratepayers or their agents, or by hearing of appeals before the appropriate valuation appeal bodies.

**2017 Revaluation**

Subsequent to the 2017 revaluation, 3,569 appeals were submitted against the values of 3,460 subjects, reflecting an appealed Rateable Value (RV) of £252,557,705. The statutory date for disposal of these appeals by Valuation Appeal Committees was, after amendment, 31 December 2021.

By the statutory disposal date of 31 December 2021, 3,458 Revaluation appeals, representing 97% of those submitted, had been disposed of. Of the appeals disposed of, 67.7% were withdrawn and 32.3% were adjusted. The remaining 111 Revaluation appeals have been referred to the Lands Tribunal and therefore fall out of the general disposal schedule.

**Maintenance of the Valuation Roll**

The Valuation Roll was updated to take account of additions, alterations and deletions. 949 amendments were made during the year. The reduction in RV during the year arises primarily from appeal adjustments, the change year-on-year is summarised as follows:

Total No of entries @ 1st April 2021	15,359
Total Rateable Value @ 1st April 2021	£365.6 million
Total Number of entries @ 31st March 2022	15,403
Total Rateable Value @ 31st March 2022	£365.5 million

The national Key Performance Indicator in relation to non-domestic valuation is the time taken from the effective date of amendments to the date a Valuation Notice in respect of each change is issued. The following table sets out the targets and actual performance information for 2021/22:

Period	Actual 2020/21	Target 2021/22	Actual 2021/22				
			Argyll & Bute	West D'shire	East D'shire	VJB Area	All Scotland
0-3 months	63%	<b>75%</b>	74.5%	53.7%	36.4%	<b>69.6%</b>	59%
3-6 months	17%	<b>15%</b>	12.0%	39.7%	34.1%	<b>17.1%</b>	17%
>6 months	20%	<b>10%</b>	13.5%	6.6%	29.5%	<b>13.3%</b>	24%

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

Whilst performance was up on last year it remained badly affected by ongoing restrictions on survey, home working and, most significantly, loss of staff and recruitment issues. Thus, our targets were not achieved.

The pattern of performance over a longer period is shown below and illustrates that, despite the recovery, 2021/22 did not see levels return to those seen over a longer period of time.

**Lands Tribunal – 2005 and 2010 Appeals**

Appeals which have been referred to the Lands Tribunal are of a complex nature or are likely to have national implications. 2021/22 saw disposal of 10 appeals, some of which were significant appeals with large values. At 31 March 2022, 5 appeals remain outstanding from the 2005 cycle and 18 appeals from the 2010 cycle.

**2017 Running Roll Appeals**

During the year, 123 new running roll appeals were received and 138 were disposed of, leaving 4,826 outstanding, many of which relate to the COVID outbreak.

In September 2021, the Scottish Government laid The Valuation and Rating (Coronavirus) (Scotland) Order 2021 which requires that, in calculating the rateable value of any lands and heritages, no account is to be taken of any matter arising directly or indirectly attributable to COVID. This Order took effect from 1 April 2021, effectively nullifying COVID related appeals made since that date.

In December 2021, the Scottish Government laid the Non-Domestic Rates (Coronavirus) (Scotland) Bill. This seeks to have similar effect to the 2021 Order but with effect from 2 April 2020. The Bill is currently at the Committee stages of its passage through Parliament.

## **DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

In March 2022, the Minister for Public Finance, Planning and Community Wealth announced that, to allow Parliament to consider the Non-Domestic Rates (Coronavirus) (Scotland) Bill and for those who lodged an appeal following the COVID pandemic to make an informed decision subsequent to this on whether they wish to pursue or withdraw their appeals, legislation would shortly be laid to ensure that no NDR appeal lodged after 1 January 2020 will have a disposal deadline date earlier than 31 December 2023.

### **Revaluation**

The next Revaluation will take effect on 1 April 2023 with a valuation date of 1 April 2022.

Preparations for the Revaluation are well under way. The ingathering of rental information is ongoing and rents received through this process are being analysed. This has allowed provisional valuation rates to be adopted in a number of areas and, as at 31 March, staff have prepared the draft valuations of 1,292 properties.

Other pertinent information for a wide range of property types is also being gathered and will be shared with other Assessors offices to allow the production of SAA Practice Notes, which provide for consistent approaches to the valuation of over 100 categories of property.

It is expected that draft Valuation Notices will be issued and draft values published on the Assessors' portal in late autumn 2022, with final values being formally advised to interested parties in March 2023.

### **Non-Domestic Rating Reform**

In accordance with The Non-Domestic Rates (Scotland) Act 2020 (Commencement No.2 and Transitional Provisions) Regulations 2020, systems were amended to effect the inclusion of Business Growth Accelerator (BGA) marks for 'new' and 'improved' properties in Valuation Rolls on 1 April 2022.

The introduction of a new 2-stage 'proposals' and 'appeals' process, which was scheduled to come into force on 1 April 2022 was delayed until 1 January 2023, to coincide with the transfer of the functions of the local Valuation Appeal Panels to the Scottish Courts and Tribunals Service that day.

Planning is ongoing for the entry of certain public parks, parts of parks and buildings within parks into the Valuation Roll with effect from the 2023 Revaluation.

Significant progress has been made towards making valuation details available at the Scottish Assessors web portal for a wider range of subjects than was previously the case. Currently around 10,384 subjects have their valuations available to view and it is the intention a further tranche of property types will be made available for public display at the Revaluation.

The facility to enable the provision of rented property lists at the portal at the next Revaluation has been developed and tested internally and Valuers are now populating the relevant fields as progress is made with the Revaluation.

The Scottish Government grant funding made available for NDR Reform during the 2021/22 year was not exhausted and the underspend that was previously projected will be offset against the grant made available for 2022/23.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**2.2 COUNCIL TAX**

**Aims**

- To maintain the Valuation List in accordance with the relevant legislation, to take account of new properties, properties which should no longer be entered in the List, properties which have been altered and sold, and other changes arising from statute or other decisions of the Courts;
- To maintain or improve upon the time taken between the date that amendments to the Valuation List are effective and the date the Banding Notices are issued;
- To publish the Valuation List, make it available to interested parties;
- To deal with proposals/appeals by discussion with ratepayers or their agents, or by hearing of appeals before the appropriate valuation appeal courts; and
- To keep property records up to date to take account of alterations.

**Maintenance of Valuation List**

The year to 31 March 2022 saw 1,395 additions to the Council Tax List and a net increase in the number of dwellings shown in the Council Tax List as follows:

Total Number of entries @ 1st April 2021	146,143
Total Number of entries @ 31st March 2022	147,035

The number of additions in the year is significantly up on previous years.

Year	Additions to Council Tax List
<b>2021/22</b>	<b>1,395</b>
2020/21	917
2019/20	1,061
2018/19	992
2017/18	832

The national Key Performance Indicator in relation to Council Tax valuation is the time taken from the effective date of additions to the Valuation List to the date a Banding Notice in respect of each new entry is issued. The table (over) sets out the target and actual performance information for 2021/22 compared with the actual figures for 2020/21. The table shows that performance was very much in line with 2020/21 but that we missed our ambitious targets for the year.

Period	Actual 2020/21	Target 2020/21	Actual 2021/22				All Scotland
			Argyll & Bute	West D'shire	East D'shire	VJB Area	
0-3 months	88%	<b>96%</b>	83.4%	96.9%	86.2%	<b>88.2%</b>	88%
3-6 months	8%	<b>2%</b>	9.7%	1.3%	11.2%	<b>7.6%</b>	8%
>6 months	4%	<b>2%</b>	6.9%	1.8%	2.6%	<b>4.2%</b>	4%

The pattern of performance over a longer period is shown below. As with maintenance of the Valuation Roll, performance in this area of operation continued to be affected by the COVID restrictions and retrospective notifications of changes of use, as illustrated in the following chart:

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

### **Proposals and Appeals**

During the year, 186 (206 in 2020/21) new proposals to change property Bands were received and 154 (143 in 2020/21) proposals and appeals were disposed of, leaving 330 outstanding at the end of the year.

## **2.3 ELECTORAL REGISTRATION**

### **Aims**

- To timeously compile and maintain the Electoral Register in accordance with the relevant legislation;
- To deal promptly with all new applications to register;
- To deal with applications for absent votes, collect and securely store Personal Identifiers and maintain relevant Absent Voters lists;
- To produce, distribute and make available for sale, copies of the Electoral Register in accordance with statutory arrangements and Electoral Commission performance standards;
- To encourage Electoral Registration in the three constituent Council areas; and
- To support the efficient running of electoral events within the Board area.

### **Electoral Registration and Publication of the Register**

The Representation of the People (Annual Canvass) (Amendment) Regulations 2019 and The Representation of the People (Annual Canvass) (Miscellaneous Amendments) (Scotland) Regulations 2020 made provision for reform of the annual electoral canvass process to be amended in 2020. Since then, households where the electors have been data matched to either national or local data sources, received 'route 1' correspondence which do not require a response unless the elector details needed to be updated or changed. Households where the register did not match to other data sources, received 'route 2' correspondence which do require a response. A further, 'route 3' option to contact 'responsible persons' in establishments such as care homes was also effected.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

EROs remain duty bound to make a 'personal contact' to households that do not make a response to a 'route 2' or 'route 3' form. As a result, a full door knock, amounting to visits to 15,144 households (14,140 in 2020), was carried out adopting procedures that were implemented to minimise the COVID risk during the canvass in 2020. No COVID-related issues arose from the door-to-door canvass and no canvassers reported any negative feedback from the public during the process.

The return rates for Route 2 and Route 3 properties are shown below compared to the figures for 2020:

Local Authority	2020 canvass		2021 canvass	
	'Route 2/3' Forms issued	Return Rate	'Route 2/3' Forms issued	Return Rate
Argyll and Bute Council	8,940	55.85%	8,300	50.83%
East Dunbartonshire Council	7,616	60.32%	7,079	55.22%
West Dunbartonshire Council	9,687	39.28%	9,706	30.54%
<b>Total</b>	<b>26,243</b>	<b>51.03%</b>	<b>25,085</b>	<b>44.22%</b>

Several methods of making returns were offered to electors and a summary of the returns is shown below:

Method of Response	2020 Canvass		2021 Canvass	
	No of Returns	% age return	No of Returns	% age return
Post	4,170	15.9%	3,684	14.7%
Electronic (web/phone/SMS)	6,446	24.6%	5,656	22.5%
Phone/Email contact	1,128	4.3%	366	1.5%
Door-to-door canvass	587	2.2%	684	2.7%
Verified as second home/long term empty	1,052	4.0%	697	2.8%
Returned/Empty/ Other	9	0.03%	5	0.02%
<b>Total</b>	<b>13,392</b>	<b>51.03%</b>	<b>11,092</b>	<b>44.22%</b>

At publication on 1 November 2021, the electorate was 229,336 broken down as follows:-

Local Authority	Electorate
Argyll & Bute	70,247
East Dunbartonshire	88,870
West Dunbartonshire	70,219

The total electorate figure is up on the total at publication in December 2020, and is at its highest level for some years – see below.

Year	No of Electors
<b>2021</b>	<b>229,336</b>
2020	224,800
2019	219,861
2018	219,637
2017	222,507
2016	221,078
2015	218,668

## **DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

### **Absent Voters**

The general downward trend in Absent Voter numbers since Individual Electoral Registration (IER) was introduced was reversed significantly in the run up to the Scottish Parliament Election (SPE) in May 2021, when a surge in applications related to the COVID outbreak increased the number of Absent Voters on the register. With significant numbers of these Absent Voters having opted to vote that way in that single event, Absent Voter numbers fell back again at publication.

<b>Year</b>	<b>No of Absent Voters</b>
<b>2021</b>	<b>47,313</b>
April 2021	49,846
2020	33,595
2019	33,916
2018	34,110
2017	35,918
2016	37,764
2015	38,376

As was the case before the 2021 election, Household Notification Letters (HNLs), encouraging the take-up of Absent Votes in the run up to the Local Government Elections, were issued to all households in late January 2022. The public reaction, however, was much reduced in 2022, perhaps reflecting the changing public attitude to the pandemic.

### **Rolling Registration**

Rolling Registration is the process of making changes to the register by way of monthly update. Previously, these updates were effected out with the canvass period but, since 2020, rolling registration procedures have run right through the canvass period. It is therefore no longer possible to split the annual changes arising from canvass and those arising specifically from rolling registration activities. During the financial year to March 2022, there were 19,967 additions, 20,854 deletions and 592 other amendments made to the registers for the Board area.

### **Electoral Performance**

The Electoral Commission has now launched its revised Performance Standards regime and the SAA has agreed a set of KPIs to help benchmark services with a view to improving performance. We will collate the first set of outcomes against these indicators as we progress through the canvass in 2022.

### **Elections Act**

The Act received Royal Assent in May 2022. Secondary legislation, which will provide many of the details of the administrative processes, will follow.

This is a very significant piece of legislation that includes:-

- The requirement to provide Voter Identification (ID) to vote at reserved elections. This will require the production and distribution of Voter ID cards by the ERO where electors do not hold relevant approved documents, with effect from December 2022.
- Absent Voters on the UK Parliamentary Register will be required to reapply for their absent votes every three years.
- The extension of the overseas voting franchise by removal of the existing 15 year limit on overseas electors' right to vote in UK Parliamentary elections.

The Government has recognised the additional administrative burdens that these changes will bring and has committed to adequately funding new requirements arising from the programme.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**Elections**

Providing appropriate contingency and resilience for the Scottish Parliament Election in May 2021 required continued attention and allocation of resource up to and after the event.

All deadlines for supply of data for issue of poll cards and postal ballot packs to Returning Officers were achieved. On polling day, our staff covered the registration office throughout polling hours in what turned out to be a day of significant activity and enquiry. There was an increase in emergency proxy applications over other similar events but these were manageable.

The Scottish Government provided funding of £158,274 to meet the additional costs of effecting suitable resilience and contingency measures, though this was not exhausted in supporting the election.

The Electoral Commission formal report on the election concluded that “The poll was well-run, and voters were confident in participating, despite the significant challenges presented by the pandemic. Voters did not appear to be deterred from participating, with the poll seeing the highest turnout ever for a Scottish Parliament Election at 63.5%.”

Similar arrangements were implemented in preparations for the Local Government elections in May 2022.

**3.0 GENERAL PROGRESS IN RELATION TO OTHER MATTERS**

**3.1 INFORMATION AND COMMUNICATIONS TECHNOLOGY**

**IT and Computer Provision**

Computers and IT systems continue to be maintained and upgraded in accordance with the Board's IT Strategy and the recommendations from West Dunbartonshire Council's ICT Service.

To facilitate the forthcoming Revaluation, new systems for the analysis of rentals across the retail, office and industrial sectors were developed during the year. Additionally processes allowing the automatic population of the draft Revaluation Roll have been implemented for 'bulk category' subjects.

The redevelopment of NDR systems to accommodate the forthcoming NDR reforms is an ongoing focus for our ICT staff. See above regarding progress in relation to expansion of the valuations available, and the future provision of 'comparable' rental property lists, at the SAA portal.

Our Electoral Management System was upgraded several times throughout the year to provide functionality improvements and ensure continued compliance with requirements.

We have continued to participate in the Scottish Assessors' web portal's Project Management Committee, Project Team and Working Groups to enhance the site ([www.saa.gov.uk](http://www.saa.gov.uk)).

In addition to these planned activities, significant resource was expended in maintaining home/hybrid working and the high rate of staff turnover experience during the year.

**3.2 BEST VALUE**

**Key Performance Indicators and Public Performance Reporting**

Performance in respect of Valuation Roll and Council Tax Key Performance Indicators is reported above. Our 2020/21 Public Performance Report was published during 2021/22 on our web site ([www.saa.gov.uk/dab-vjb/](http://www.saa.gov.uk/dab-vjb/)).

## **DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

### **Performance Management and Planning**

The Management Team continues to be the main forum for planning and management of performance. In accordance with our Performance and Management Planning process, a number of actions were taken, or were ongoing, during 2021/22 which are detailed in the Annual Governance Statement on pages 25 to 28.

### **Audit**

An internal audit planning meeting in December 2021 identified that it would be appropriate to review the adequacy and effectiveness of the governance, risk management and control procedures surrounding Valuation Joint Board development and implementation of digital processes as a result of the pandemic.

At time of writing the fieldwork for this audit is ongoing. The outcomes and agreed actions will be reported to the Board in due course.

### **Customer Satisfaction**

Users of the Board's services are randomly sampled and issued with questionnaires to seek their perception of the service provided to them. A summary of the results for the year is provided below. Satisfaction levels, having dipped slightly in 2020/21, returned to previously high levels during the year.

	<b>2017/18</b>	<b>2018/19</b>	<b>2019/20</b>	<b>2020/21</b>	<b>2021/22</b>
Was the person with whom you communicated professional, courteous and helpful?	99%	94%	98%	92%	97%
Was the matter brought to a satisfactory conclusion immediately?	62%	60%	61%	56%	64%
Was the matter brought to a satisfactory conclusion?	97%	93%	97%	89%	94%
Are you satisfied with the quality of the information or advice given to you?	96%	93%	96%	90%	96%

No Customer Satisfaction forms were requested in alternative languages, Braille or other formats. Sample sizes within the various equalities groups were generally too small to draw firm conclusions though there is an indication of very marginally lower satisfaction levels among disabled service users this year. The results are monitored by management with any apparent variations within any of the groups with protected characteristics being followed up to ensure that we are carrying out our functions in a fair and equitable manner.

### **Complaints Procedure**

The Board has, for some time, operated a Complaints Procedure which is in line with the Public Sector Ombudsman's Model Complaints Handling Procedure (MCHP) and new procedures were introduced on 1 April 2021 in line with the SPSO's Revised Model CHP.

There were 8 complaints received during 2021/22, compared to 4 in 2020/21 and 14 in 2019/20, none of which were upheld. 6 complaints were made in respect of Electoral Registration services, with 3 referring to the wording/content of prescribed forms. The matters raised in these cases have been raised with the Electoral Commission.

Two complaints were raised in the context of individuals being unable to vote or vote by post. In the latter case the elector referred the complaint to the SPSO but, after consideration, it was deemed that an investigation was not appropriate. The remaining electoral complaint related to correspondence being issued to a deceased person. An apology was provided in this case.

Two complaints were made in respect of Council Tax, neither of which were upheld. In one case the Assessor had no power to provide the remedy sought.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

No complaints were made in respect of Non-Domestic Rating.

The content and outcome of complaints are discussed at the regular management team meetings and any opportunities for organisational learning are implemented.

**Communications Strategy**

In line with good practice and the existing Strategy's review cycle a new Communications Strategy was devised and approved by the Board. The Strategy is available to view at: <https://www.saa.gov.uk/dab-vjb/wp-content/uploads/sites/5/2021/09/Communications-Strategy-Board-approved-September-2021.pdf>

**Financial Performance**

**Comprehensive Income and Expenditure Statement**

This account covers the day-to-day operational expenditure of the Board and is shown on page 34 of the Annual Accounts. On an accounting basis the deficit on the provision of service for the financial year reported in the Comprehensive Income and Expenditure Statement is £0.245m. However this takes account of Statutory Adjustments between the accounting and funding basis of (£0.453m) as shown in the Expenditure and Funding Analysis table shown on page 46. Thus, resulting in an in-year surplus of £0.208m as summarised below:

	<b>Comprehensive Income &amp; Expenditure Statement £000</b>	<b>Statutory Adjustments £000</b>	<b>Actual £000</b>	<b>Budget £000</b>	<b>Variance £000</b>
Employee Costs	2,579	(409)	2,170	2,394	(224)
Property Costs	108	0	108	123	(15)
Transport Costs	11	0	11	47	(36)
Supplies & Services	280	0	280	324	(44)
Payments to Other Bodies	35	0	35	50	(15)
Support Services	123	0	123	123	0
Depreciation	14	(14)	0	0	0
Other Costs: (Pensions/Interest)	53	(53)	0	0	0
<b>Total Expenditure</b>	<b>3,203</b>	<b>(476)</b>	<b>2,727</b>	<b>3,061</b>	<b>(334)</b>
Requisition Income	(2,837)	0	(2,837)	(2,837)	0
Capital Income	(23)	23	0	0	0
Grant Income	(87)	0	(87)	(87)	0
Rental Income	(2)	0	(2)	(2)	0
Sales, Fees & Charges	(9)	0	(9)	(6)	(3)
<b>Total Income</b>	<b>(2,958)</b>	<b>23</b>	<b>(2,935)</b>	<b>(2,932)</b>	<b>(3)</b>
<b>(Surplus)/Deficit for the year</b>	<b>245</b>	<b>(453)</b>	<b>(208)</b>	<b>129</b>	<b>(337)</b>

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

The main budget variances are shown below:

<b>Spend Area</b>	<b>Variance £000</b>	<b>Comments</b>
Employee	(224)	The favourable variance is mainly due to an increased rate of resignations and retirements along with delays in filling some vacancies, partly due to difficulties in attracting appropriate candidates.
Property	(15)	A favourable variance was the result of minimal spend on repairs and maintenance to the Board's properties. This budget is a reactive budget and fluctuates each year depending on what work is required.
Transport	(36)	Due to COVID, travelling expenses and subsistence were underspent as survey and inspection work were restricted and travel to meetings was minimal.
Supplies & Services	(44)	One of the main reasons is an underspend on the costs associated with the Land Val Appeal Court which are dependent upon the number of VAC cases that proceed to hearing and the number of Lands Tribunal Referrals made. Appeal disposal by negotiation and changes to the statutory timetables for dealing with appeals reduced the need for both. The other main reason is a reduction in demand led running costs ie printing, stationery and postages which fluctuate year on year. The expenditure on these was also affected by the statutory delay to the NDR Revaluation timetable.
Payment to other bodies	(15)	The main reason for this underspend was in relation to the expenditure associated with the Land Valuation Appeals panel.

**Balance Sheet**

The balance sheet shown on page 37 features an assessed pension fund asset of £0.507m based on the valuation of the fund at 31 March 2022. This results in the Board's Balance Sheet showing a net asset position. Further information on the pension fund is provided in note 4 on pages 47 to 51 and the valuation states that assets held at the valuation date were sufficient to cover all of the accrued liabilities. It is considered appropriate that the Annual Accounts should follow a 'going concern' basis of accounting. Statutory arrangements with the constituent local authorities mean that the financial position of the Board remains assured.

The pension scheme net asset as at 31 March 2022 is £0.507m, an increase of £2.933m from the net liability reported last year of £2.426m as advised by the appointed actuaries. Positive investment returns have increased the asset share in the fund, while the adopted changes to the financial assumptions (based on financial market conditions at 31 March 2022) have led to a reduction in the value placed on the obligations. The appointed actuaries remain of the view that the asset holdings of Strathclyde Pension Scheme and the contributions from employees and employers provide sufficient security and income to meet future pension liabilities.

**General Reserves**

At their Board meeting on the 16 November 2012, the Board approved a Balance and Reserves Policy. The Board's Prudential Reserves Policy is to retain a prudential target of 2% of net expenditure i.e. constituent authority requisition level (21/22 £0.052m) or £0.100m, whichever is higher.

Funds held in excess of the prudential target can be spent or earmarked at the discretion of Board Members on behalf of the constituent authorities.

## **DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

As at 31 March 2022 the Board held total usable reserves of £0.957m (of which £0.055m relates to unapplied capital reserves) with the remaining balance comprising revenue reserves of £0.902m. A proportion of this is identified as an earmarked balance (£0.239m) to balance the 2022/23 budget.

The Board also received £0.225m from the Scottish Government passed onto to the board from constituent authorities for the implementation of the Barclay Review. Due to delays to the required legislation and the pandemic, the Board was unable to utilise the full grant resulting in an underspend of £0.058m. This underspend has also been identified as an earmarked reserve as detailed in note 9 Balances and Reserves.

Once the earmarked balances are accounted for, this leaves £0.605m of general reserves available for future use (including £0.100m prudential reserve as noted above).

The Board recognises the difficult financial climate facing public services and has continued to seek efficiencies where possible. The level of requisition made by the Board for 2021/22 remained the same as 2020/21. The Resource Spending Review announced by the Scottish Government in May 2022 presents a real terms reduction in local government funding for the next four years. This presents challenges to the Board in 2022/23 and beyond and management continue to plan for this to ensure ongoing service delivery reflecting the increasing workload to the Board.

### **Provisions and Contingencies**

The Board is not aware of any eventualities which may have a material effect on the financial position of the Board, and has made no provisions for such eventualities.

### **Group Annual Accounts**

The Board has been determined to have an “associate” relationship with each of its constituent authorities and, as such, the Board’s results have been consolidated into each authority’s group income and expenditure Annual Accounts.

### **Risk Management**

Risk Registers and the resultant Action Plan are revised annually. Inclusions in the Board (Strategic) Risk Register at the 2022 review were:

- The potential for the Board or its statutory officials to fail to meet their respective statutory duties, particularly with so much impending legislative change expected in the NDR function;
- The risk to both the Assessor and ERO’s statutory functions and to Board employees’ health arising from the COVID pandemic. As well as retaining this risk in the Board Risk Register a separate risk register detailing the effects of the pandemic and the government restrictions was used to record and mitigate the risks arising throughout the year;
- Current and expected future local government settlements, with static or reduced funding, bring a number of related financial risks and/or risk of failure to meet statutory duties, particularly in light of the changes to NDR and the likely long term effects on public sector funding caused by the COVID outbreak;
- The potential failure to deliver a successful and accurate Revaluation in 2023 and/or implement the changes introduced by the Non-Domestic Rating (NDR) Reform Act.;
- The combined effect of the pandemic and tranches of material change of circumstance appeals arising from it have resulted in a back-log of appeals, which increases the risk of failing to dispose of appeals by the statutory deadlines and delivering on other statutory tasks;
- The dependency of the Board on ICT for delivery of its statutory functions and service delivery;

## **DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

- The regular, recent loss of employees through resignation and retirement, when coupled with difficulties in recruiting relevant staff, may result in failure to meet statutory duties or to maintain service levels.

As well as the Board Risk Register, which focusses on strategic risks, the Management Team annually review an Operational Risk Register and a number of other risk registers. All risks have planned actions to mitigate or minimise each risk and progress against these actions is monitored regularly at Management Team meetings.

### **3.3 EQUALITIES**

In April 2021 an Equality Report was published that reported on our Workforce Monitoring and Pay Gap data and updated on progress in achieving our Equality Outcomes. It also contained a review of our Outcomes. The Report can be viewed in full at <https://www.saa.gov.uk/dab-vjb/wp-content/uploads/sites/5/2021/04/Public-Sector-Equality-Duty-Report-2021-1.pdf>.

The Board's stated Equality 'Outcomes' have, for some years, been as follows:

- We are seen as an inclusive equal opportunities employer where all staff feel valued and respected; and
- Our Services meet the needs of, and are accessible, to all members of our community and our staff treat all service users, clients and colleagues with dignity and respect.

The review referred to above saw these as remaining relevant and worthy of retaining and, to target the consistently high gender pay gap which exists within the Board's staff, a further Outcome was added:-

- The VJB has a reduced level of gender based occupational segregation.

### **3.4 STAFFING MATTERS**

#### **Development and Training**

A new Performance, Training & Development Policy, which aims to create a more direct relationship between key employee tasks and organisational objectives and provide a more formalised structure for management of performance, was implemented during 2020/21.

In addition to staff's Core Training programme, training was provided across a range of subjects in 2021/22 largely through in-house training and e-learning facilities.

#### **Workforce Planning/Staffing**

The last year proved to be one of exceptional levels of turnaround in employees with eight resignations and five retirements taking effect during 2021/22 and two further resignations taking effect from 3 April 2022. This represents circa 25% of the total staffing number as at April 2021. These losses include three of the five members of the Senior Management Team, including the Depute Assessor & ERO.

Various rounds of ongoing recruitment have resulted in replacement appointments to most vacancies but not all to the same posts or with the same qualifications and experience. Particular difficulties have arisen in relation to recruitment of chartered surveyors to Valuer posts.

Whilst the Treasurer to the Board is not an employee of the Board, the post holder, Stephen West, also retired during the year and was replaced by Laurence Slavin.

## **DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

### **Personnel Policies**

During the year, the Board approved an Agile Working Policy, which provides fair and consistent processes to facilitate flexibility in how and where employees carry out their work, enabling them to maximise their productivity and performance. Guidance in relation to the ongoing pandemic has, however, prevented implementation of the Policy as it is intended to be applied.

### **3.5 FREEDOM OF INFORMATION**

The Board's 'Guide to Information' was updated and maintained as required with relevant documents available from [https://www.saa.gov.uk/dab-vjb/wp-content/uploads/sites/5/dlm\\_uploads/2022/03/DAB-Guide-to-Information-through-the-MPS-December-2020-update-March-2022.pdf](https://www.saa.gov.uk/dab-vjb/wp-content/uploads/sites/5/dlm_uploads/2022/03/DAB-Guide-to-Information-through-the-MPS-December-2020-update-March-2022.pdf)

A 'business as usual' approach has been taken to the majority of requests for information received, but in the calendar year to December 2021, 7 requests which specifically referred to the Freedom of Information Act were received. This compares to 6 requests in 2020 and 15 in 2019.

One request related to Electoral Registration, one to NDR (only) and two to Council Tax (only). Three requests covered both NDR and Council Tax. One request was responded to in full, four were responded to in so far as the data was held and exemptions were applied to two responses. No responses were subject to a request for Review. There were no recurring requests that could be satisfied by proactive publication of any particular information.

### **3.6 RECORDS MANAGEMENT**

An invitation to make a submission to the Keeper of the Records under the Progress Update Review process by May 2021 was not taken up but a progress update was submitted in May 2022.

### **3.7 PARTNERSHIPS**

The Board is actively involved in several partnerships with one of the most significant of these being the senior staff's membership of the Scottish Assessors' Association. More on the association can be found at <https://www.saa.gov.uk/about-the-saa/>.

Board staff are represented in the Association in all of its Category Committees, in working groups and as authors of Practice Notes. The co-operation and co-ordination of the Association is of critical importance in the completion, and defence of Revaluations.

During 2021/22, the Association was active as a consultative body in relation to secondary legislation arising from the 2020 Non-Domestic Rating (Scotland) Act and in relation to the transfer of powers from Valuation Appeal Committees to the Scottish Courts & Tribunals Service. The SAA has established a project plan for delivering the 2023 Revaluation, NDR reforms and other Barclay requirements.

The planning for, and provision of, Electoral Registration services is assisted by guidance received from the Electoral Commission and the Electoral Management Board for Scotland and by representation within the Association of Electoral Administrators. The Department of Levelling Up, Housing & Communities is an important stakeholder in respect of the modernisation of Electoral Registration services.

The Board obtains all of its 'back-office' functions including human resources, legal support, ICT support and financial services from West Dunbartonshire Council under a Service Level Agreement. Thanks are due to all of the West Dunbartonshire Council officials who support the Board.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**3.8 CONCLUSION**

2021/22 was a year in which the effects of the pandemic, government restrictions and public health continued to affect aspects of our operations, albeit to varying extents, throughout the year.

It is likely that each Annual Report makes mention of change but the Board can seldom have faced as much turmoil as during the last two years. Following as it did in the aftershock of 2020/21, 2021/22 was a year characterised by uncertainty.

The delivery of the Scottish Parliamentary Election in the context of the unknowns of a pandemic was something of an unheralded triumph for the electoral community and we were proud to be part of that effort - though it was not without its issues and internal strains. The lessons learned stood us in much better stead whilst preparing for the May 2022 Local Government Elections. The Elections Act (2022) is the harbinger of further significant change during 2022 and 2023 including the introduction of Voter ID cards.

Moving goalposts in relation to NDR reforms, the transfer of powers from Valuation Appeals Committees to the Tribunals Service, and the Government's various efforts to contain the effects of COVID-related NDR appeals have resulted in an almost constant sea of change, both during 2021/22 and forthcoming, in relation to NDR.

This amount of change has had to be planned for, implemented and managed in the context of a 25% turnaround in staff and a rebuild of the Management Team. Staff turnover is a fact of life but it is clear that loss of surveying staff, when taken with recent difficulties in recruiting qualified valuers, poses a risk to future service delivery.

Although the current indications in respect of the ongoing pandemic are encouraging, we will need to keep an awareness of the wider public health situation and revise plans and services accordingly.

Thanks are due to all staff and management for their endeavour, effort and co-operation throughout the year. Similarly, thanks are due to the Board, and in particular, the outgoing Convenor and Vice Convenor for their continued support.

The appointments of Councillor Vaughan Moody as Convenor of the Board and Councillor Lawrence O'Neill as the Vice Convenor, was agreed at the meeting of the Joint Board on 24 June 2022.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**REMUNERATION REPORT**

**Introduction**

The remuneration report has been prepared in accordance with the Local Authority Accounts (Scotland) Regulations 2014. These Regulations require various disclosures about the remuneration and pension benefits of the Board and senior employees. All information disclosed in the tables 1-5 of the Remuneration Report will be audited by Audit Scotland. The other sections have also been reviewed by Audit Scotland to ensure that they are consistent with the Financial Statements.

**Arrangements for Remuneration**

No Councillors serving on the Board (including the Convenor and Vice-Convenor) receive any form of remuneration in respect of these roles.

The Board sets the remuneration levels for senior officers. Its role is to ensure the application and implementation of fair and equitable systems for pay and for performance management within the guidelines of and as determined by the Scottish Ministers and the Scottish Government. In reaching its decisions, the Board has regarded the need to recruit, retain and motivate suitably able and qualified people to exercise their different responsibilities.

The remuneration of senior employees is set by reference to national arrangements. The Board does not pay bonuses or performance related pay. Chief Officers receive business mileage and subsistence allowances in accordance with amounts either agreed nationally by the Scottish Joint National Council (SJNC) or as approved locally by the Board. Chief Officers are eligible to join the Local Government Pension Scheme (LGPS). The scheme is described in the Pension Benefits section.

**Remuneration**

The term *remuneration* means (as defined by the Regulations noted above): gross salary, fees and bonuses, allowances and expenses, and costs in relation to Early Retiral and Voluntary Severance. It excludes pension contributions paid by the Board. Pension contributions made to a person's pension are disclosed as part of the pension benefits disclosure.

**Table 1: Remuneration of Senior Employees**

Name	Position at 31/03/22	Year ended 31 March 2022		2020/21
		Salary, Fees & Allowances £000	Total Remuneration £000	Total Remuneration £000
David Thomson	Assessor & Electoral Registration Officer	105	105	104
Robert Nicol	Depute Assessor & ERO (left 17/10/21 )	47 (FYE 86)	47 (FYE 86)	86
Russell Hewton	Depute Assessor & ERO (started 01/02/22)	14 (FYE 86)	14 (FYE 86)	0

**1. The term *senior employee* means any Board employee:**

- Who has responsibility for the management of the Board to the extent that the person has the power to direct or control the major activities of the Board (including activities involving the expenditure of money), during the year to which the Report relates, whether solely or collectively with other persons; or
- Who holds a post that is politically restricted by reason of section 2(1) (a), (b) or (c) of Local Government and Housing Act 1989 (4); or
- Whose annual remuneration, including any remuneration from a local authority subsidiary body, is £150,000 or more.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**Remuneration of Employees receiving more than £50,000**

The Board's employees receiving more than £50,000 remuneration for the year were paid the following amounts. In accordance with the disclosure requirement of the Regulations, the information in the table shows the number of employees in bands of £5,000. This information includes the senior employees who are subject to the fuller disclosure requirements in the tables above.

**Table 2: Remuneration**

Bands £	Number of Employees	
	2020/2021	2021/2022
50,000 to 54,999	1	1
55,000 to 59,999	0	0
60,000 to 64,999	2	2
80,000 to 84,999	0	0
85,000 to 89,999	1	0
100,000 to 105,000	1	1
<b>Total</b>	<b>5</b>	<b>4</b>

**Pension Benefits**

For local government employees, the LGPS 2015 is a career average pension scheme. This means that pension benefits from 01/04/2015 are based on pensionable pay with inflation added.

Pension is accrued at a rate of 1/49 of pensionable pay for each scheme year. Pension benefits can be accessed from age 55 but are reduced for retirements prior to 60<sup>th</sup> birthday. Pension benefits accrued before 1 April 2015 are protected and are based on final pay on retiring.

From 1 April 2009, a five tier contribution system was introduced with contributions from scheme members being based on how much pay falls into each tier. This is designed to give more equality between the cost and benefits of scheme membership. Table 3 below provides information on these tiered contribution rates.

**Table 3: Contribution Rate**

The tiers and members contributions rates for 2021/22 whole time pay	Contribution rate 2021/22
On earnings up to and including £22,300	5.50%
On earnings above £22,301 and up to £27,300	7.25%
On earnings above £27,301 and up to £37,400	8.50%
On earnings above £37,401 and up to £49,900	9.50%
On earnings of £49,901 and above	12.00%

If a person works part-time their contribution rate is worked out on the whole-time pay rate for the job, with actual contributions paid on actual pay earned. There is no automatic entitlement to a lump sum. Members may opt to give up (commute) pension for lump sum up to the limit set by the Finance Act 2004. The accrual rate guarantees a pension based on 1/49<sup>th</sup> of pay from 1 April 2015. Prior to this the accrual rate guarantees a pension based on 1/60<sup>th</sup> of final pensionable salary and years of pensionable service.

Prior to 2009 the accrual rate guaranteed a pension based on 1/80<sup>th</sup> and a lump sum based on 3/80<sup>th</sup> of final pensionable salary and years of pensionable service.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

The value of the accrued benefits has been calculated on the basis of the age at which the person will first become entitled to receive a pension on retirement without reduction on account of its payment at that age; without exercising any option to commute pension entitlement into a lump sum; and without any adjustment for the effects of future inflation. Retirement can be taken with receipt of benefits in full from the normal pension age. The normal pension age is 65 for any benefits built up before 1 April 2015. For pension built up from 1 April 2015, the Normal Pension Age is not fixed at age 65 but, instead, is the same as the State Pension Age (but with a minimum of age 65).

**Pension Benefits of Senior Employees**

**Table 4: In-year contributions and accrued benefits**

Name	For year to 31 March 2022			For year to 31 March 2021		
	In-year Contribution	Pension	Accrued Pension benefits Lump Sum	In-year Contribution	Pension	Accrued pension benefits Lump Sum
	£000	£000	£000	£000	£000	£000
David Thomson	22	56	92	21	53	91
Robert Nicol	10	44	60	18	35	49
Russell Hewton	3	0	4	0	0	0

The pension figures shown relate to the benefits that the person has accrued as consequence of their total local government' service, and not just their current appointment.

The Local Government (Discretionary Payments and Injury Benefits) (Scotland) Regulations 1998 make provision for authorities to make discretionary payments to local government employees to pay compensation for premature retirement. There were no discretionary payments made to senior employees during the year.

**Exit Packages**

There were no exit packages during financial years 2021/22 and 2020/21.

**Trade Union Facility Time**

Facility Time generates benefits for employees, managers and the wider community from effective joint working between union representatives and employers.

Details of the Facility Time within the Board during the year to 31 March 2022 are shown in the table below.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**STATEMENT OF RESPONSIBILITIES**

**The Boards Responsibilities:**

The Board is required to:

- make arrangements for the proper administration of its financial affairs and to secure that the proper officer of the Board has responsibility for the administration of those affairs. In this Board, that officer is the Treasurer;
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- ensure the Annual Accounts are prepared in accordance with legislation (The Local Authority Accounts (Scotland) Regulations 2014), and is compatible with that legislation, in accordance with proper accounting practices (section 12 of the Local Government in Scotland Act 2003); and
- approve the Annual Accounts for signature.

I confirm that the Annual Accounts were approved for signature by the Board at its meeting on 30 September 2022.

Signed on behalf of Dunbartonshire and Argyll & Bute Valuation Joint Board.

Councillor Vaughan Moody  
Convenor of the Board  
Date: 30 September 2022

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**The Treasurer's Responsibilities:**

The Treasurer is responsible for the preparation of the Board's Annual Accounts in accordance with proper practices as required by legislation and as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Accounting Code).

In preparing the Annual Accounts, the Treasurer has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with legislation; and
- complied with the Code of Practice on Local Authority Accounting in the United Kingdom.

**The Treasurer's Responsibilities:**

The Treasurer has also:

- kept adequate accounting records which were up to date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

I certify that the Financial Statements give a true and fair view of the financial position of the Board at the reporting date and the transactions of the Board for the year ended 31 March 2022.

*Laurence Slavin*

Laurence Slavin  
Treasurer  
Date: 30 September 2022

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**ANNUAL GOVERNANCE STATEMENT**

The Annual Governance Statement is included within the Annual Accounts to assure stakeholders on how the Board directs and controls its functions and how it relates to communities which will enhance transparency and scrutiny of the Board's activities.

**Scope of Responsibility**

The Board is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Board also has a duty to make arrangements to secure continuous improvement in the way its functions are carried out.

In discharging this overall responsibility, elected members and senior officers are responsible for implementing effective arrangements for governing the Board's affairs and facilitating the effective exercise of its functions, which includes arrangements for the management of risk.

**Governance Framework**

The Board has approved and adopted a Code of Corporate Governance (the Code), a Code of Good Governance and also relies on the governance arrangements of West Dunbartonshire Council which are consistent with the principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) Framework.

The above code explains how the Board aims to deliver good governance and reviews the effectiveness of these arrangements on an annual basis.

Delivering Good Governance in Local Government Framework, published by CIPFA in association with Solace in 2007 and updated in 2016, sets the standard for local authority governance in the UK and applies to annual governance statements prepared for the financial year 2016/17 onwards.

While the Delivering Good Governance in Local Government Framework is written in a local authority context, most of the principles are applicable to the Board, and on the recommendation of our external auditors, the Board has adopted this process as part of its overall approach to governance.

In accordance with a Code of Good Governance which was approved by the Board in March 2018, a self-assessment against the above CIPFA framework is completed annually and an Action Plan agreed. The Management Team regularly monitor progress against the actions in the Action Plan. The Local Code of Good Governance and the Action Plan can be found on the Board's website at: <https://www.saa.gov.uk/dab-vjb/best-value/>

The Board has also put in place a system of internal financial control designed to manage risk to a reasonable level. Internal controls cannot eliminate risk of failure to achieve statutory duties, policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal financial control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Board's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework comprises the systems and processes, and culture and values, by which the Board is directed and controlled. It also describes the way it engages with, and accounts to, its stakeholders.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

Within the overall control arrangements the system of internal control is intended to ensure that assets are safeguarded, transactions are authorised and properly recorded, and material errors or irregularities are either prevented or would be detected within a timely period. It is based on a framework of regular management information, financial regulations, administrative procedures and management supervision.

The overall control arrangements include:

- comprehensive budgeting systems;
- regular reviews of periodic and annual financial reports which indicate financial performance against the forecasts;
- setting targets to measure financial and other performance;
- clearly defined capital expenditure guidelines; and
- an effective Internal Audit service.

**Review of Effectiveness**

The Board has a responsibility for ensuring the continuing effectiveness of its governance framework and its system of internal financial control. The Shared Services Manager Audit & Fraud produces an annual audit plan based on a risk assessment of the Council's and the Board's systems and processes. The audit plan is approved by the Audit Committee of the Council. This Committee meets regularly and receives reports from the Shared Services Manager Audit & Fraud. The Board's external auditors also attend. The Shared Services Manager Audit & Fraud produces an annual report on the work carried out by Internal Audit during the year. This report contains a view on the effectiveness of the system of internal financial control.

The Internal Audit service operates in accordance with Public Sector Internal Audit Standards (PSIAS). The Shared Services Manager Audit & Fraud meets regularly with chief internal auditors of other authorities and staff within the Internal Audit Service are appropriately trained.

Our review of the effectiveness of the system of internal financial control is informed by:

- the work of managers within both the Board and West Dunbartonshire Council who have responsibility for the development and maintenance of the financial control framework;
- the work undertaken by West Dunbartonshire Council's Internal Auditors during the year to 31 March 2022;
- the assessment of risk completed during reviews of the strategic audit plan;
- reports issued by the Board's External Auditors and other review bodies; and
- knowledge of the Board's governance, risk management and performance monitoring arrangements.

Through West Dunbartonshire Council, the Board's financial management arrangements conform with the governance requirements of the CIPFA Statement on The Role of Chief Financial Officer in Local Government 2010.

We are satisfied that the Board has in place a sound system of internal financial control and that appropriate mechanisms are in place to identify any areas of weakness and to take appropriate action. This is corroborated by an Annual Assurance Statement prepared by the Shared Services Manager Audit & Fraud, stating that reasonable assurance can be placed upon the adequacy and effectiveness of the Board's internal control system in the year to 31 March 2022.

## **DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

### **Annual Performance**

Examples of developments which have led to significant improvement in arrangements for control, governance or risk management within the Board during 2021/22 include:

- To ensure compliance with best practice in handling personal data and to provide improved clarity on legal responsibility for processing such data, a formal Data Sharing Agreement was agreed with West Dunbartonshire Council (WDC) covering the processes and procedures around the Council's handling of VJB data for the purposes of HR&OD, payroll and pensions.
- To provide explicit authority for the holding of virtual/blended Board meetings and clarify the procedures for such meetings, a review of the Board's Standing Orders was completed and a revised version approved by the Board.
- The Board's Counter Fraud & Corruption Policy and Business Irregularities Procedures were reviewed and updated to ensure that Board policies and governance procedures are current, clear and relevant.
- A new Performance, Development and Training Policy was implemented, creating a more direct relationship between key employee tasks and organisational objectives and providing a more formalised structure for management of performance.
- Various NDR developments related to 'Barclay' recommendations, or arising from legislative change were progressed. In particular, the back-office/ICT changes required to facilitate further expansion of valuations available at the SAA portal and making Portal Property Rental Lists available at Revaluation have been completed. ICT changes also facilitated automation of Revaluation processes.
- A review of the 2020 annual electoral canvass resulted in minor improvements to the procedures adopted for 2021.
- To provide enhanced resilience in relation to the effects of the COVID outbreak, various contingency arrangements, including the establishment of a Risk Register, the employment of temporary staff and procurement of additional equipment, were implemented in the lead up to the Scottish Parliamentary Election in May 2021. Contingency arrangements were also implemented in advance of the Local Government Elections in May 2022.

The following areas were identified by the Assessor & ERO for further improvements in 2022/23:

- In line with best practice, officers will provide induction training to the Board members following the May 2022 election and the formation of a new Board.
- An review of the Code of Conduct, to reflect the Board's new Public Interest Disclosure Policy and make explicit the Board's zero tolerance to fraud and corruption, will be finalised and presented to the Board for approval.
- Further consideration will be given to the secondary legislation which will be required to implement the Non-Domestic Rates (Scotland) Act 2020 Act. The Management Team, internal NDR Reform Project Team and our ICT Support Team will devise and amend procedures and systems, with a strong focus on the new appeals system that will come into effect on 1 January 2023.
- We will continue to review the annual canvass process in light of the outcomes of the 2021 canvass and in the context of the Electoral Commission's Performance Standards and the agreed SAA KPIs. The agreed KPI statistics will be collected and benchmarked against other Scottish EROs to further inform improvement action.
- The Board's Financial Regulations will be reviewed and, if necessary, revised.
- Documentation and staff guidance will be reviewed and updated where any deficiency is identified in the ongoing Internal Audit of process digitisation.
- To ensure its relevance and to reflect changing technologies, the Board's ICT Strategy will be reviewed and updated.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**Assurance**

On the basis of the assurance provided, we consider the governance and internal control environment operating during 2021/22 to provide reasonable and objective assurance that any significant risks impacting on the achievement of our principal objectives will be identified and actions taken to avoid or mitigate their impact. Systems are in place to continually review and improve the governance and internal control environment and action plans are in place to address identified areas for improvement.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**Independent auditor's report to the members of Dunbartonshire and Argyll & Bute  
Valuation Joint Board and the Accounts Commission**

Reporting on the audit of the financial statements

**Opinion on financial statements**

I certify that I have audited the financial statements in the annual accounts of Dunbartonshire and Argyll and Bute Valuation Joint Board for the year ended 31 March 2022 under Part VII of the Local Government (Scotland) Act 1973. The financial statements comprise the Comprehensive Income and Expenditure Statement, Movement in Reserves Statement, Balance Sheet, Cash flow Statement and Notes to the Annual Accounts, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards, as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 (the 2021/22 Code).

In my opinion the accompanying financial statements:

- give a true and fair view in accordance with applicable law and the 2021/22 Code of the state of affairs of the body as at 31 March 2022 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with UK adopted international accounting standards, as interpreted and adapted by the 2021/22 Code; and
- have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, The Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

**Basis for opinion**

I conducted my audit in accordance with applicable law and International Standards on Auditing (UK) (ISAs (UK)), as required by the Code of Audit Practice approved by the Accounts Commission for Scotland. My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I was appointed under arrangements approved by the Accounts Commission on 10 June 2021. The period of total uninterrupted appointment is two years. I am independent of Dunbartonshire and Argyll and Bute Valuation Joint Board in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. Non-audit services prohibited by the Ethical Standard were not provided to Dunbartonshire and Argyll and Bute Valuation Joint Board. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Conclusions relating to going concern basis of accounting**

I have concluded that the use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work I have performed, I have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on Dunbartonshire and Argyll & Bute Valuation Joint Board's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from when the financial statements are authorised for issue.

These conclusions are not intended to, nor do they, provide assurance on Dunbartonshire and Argyll and Bute Valuation Joint Board's current or future financial sustainability.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

However, I report on Dunbartonshire and Argyll and Bute Valuation Joint Board's arrangements for financial sustainability in a separate Annual Audit Report available from the [Audit Scotland website](#).

**Risks of material misstatement**

I report in my Annual Audit Report the most significant assessed risks of material misstatement that I identified and my judgements thereon.

**Responsibilities of the Treasurer and Joint Board for the financial statements**

As explained more fully in the Statement of the Responsibilities, the Treasurer is responsible for the preparation of financial statements that give a true and fair view in accordance with the financial reporting framework, and for such internal control as Dunbartonshire and Argyll & Bute Valuation Joint Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Treasurer is responsible for assessing Dunbartonshire and Argyll & Bute Valuation Joint Board's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless there is an intention to discontinue Dunbartonshire and Argyll and Bute Valuation Joint Board's operations.

The Joint Board is responsible for overseeing the financial reporting process.

**Auditor's responsibilities for the audit of the financial statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. I design procedures in line with my responsibilities outlined above to detect material misstatements in respect of irregularities, including fraud. Procedures include:

- obtaining an understanding of the applicable legal and regulatory framework and how Dunbartonshire and Argyll and Bute Valuation Joint Board is complying with that framework;
- identifying which laws and regulations are significant in the context of Dunbartonshire and Argyll and Bute Valuation Joint Board;
- assessing the susceptibility of the financial statements to material misstatement, including how fraud might occur; and
- considering whether the audit team collectively has the appropriate competence and capabilities to identify or recognise non-compliance with laws and regulations.

The extent to which my procedures are capable of detecting irregularities, including fraud, is affected by the inherent difficulty in detecting irregularities, the effectiveness of Dunbartonshire and Argyll and Bute Valuation Joint Board's controls, and the nature, timing and extent of the audit procedures performed.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

Irregularities that result from fraud are inherently more difficult to detect than irregularities that result from error as fraud may involve collusion, intentional omissions, misrepresentations, or the override of internal control. The capability of the audit to detect fraud and other irregularities depends on factors such as the skillfulness of the perpetrator, the frequency and extent of manipulation, the degree of collusion involved, the relative size of individual amounts manipulated, and the seniority of those individuals involved.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of my auditor's report.

***Reporting on other requirements***

**Opinion prescribed by the Accounts Commission on the audited part of the Remuneration Report**

I have audited the part of the Remuneration Report described as audited. In my opinion, the audited part of the Remuneration Report has been properly prepared in accordance with The Local Authority Accounts (Scotland) Regulations 2014.

**Other information**

The Treasurer is responsible for the other information in the annual accounts. The other information comprises the Management Commentary, Annual Governance Statement, Statement of Responsibilities and the unaudited part of the Remuneration Report.

My responsibility is to read all the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon except on the Management Commentary and Annual Governance Statement to the extent explicitly stated in the following opinions prescribed by the Accounts Commission.

**Opinions prescribed by the Accounts Commission on the Management Commentary and Annual Governance Statement**

In my opinion, based on the work undertaken in the course of the audit:

- the information given in the Management Commentary for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with statutory guidance issued under the Local Government in Scotland Act 2003; and
- the information given in the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Delivering Good Governance in Local Government: Framework (2016).

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**Matters on which I am required to report by exception**

I am required by the Accounts Commission to report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements and the audited part of the Remuneration Report are not in agreement with the accounting records; or
- I have not received all the information and explanations I require for my audit.

I have nothing to report in respect of these matters.

**Conclusions on wider scope responsibilities**

In addition to my responsibilities for the annual accounts, my conclusions on the wider scope responsibilities specified in the Code of Audit Practice are set out in my Annual Audit Report.

***Use of my report***

This report is made solely to the parties to whom it is addressed in accordance with Part VII of the Local Government (Scotland) Act 1973 and for no other purpose. In accordance with paragraph 120 of the Code of Audit Practice, I do not undertake to have responsibilities to members or officers, in their individual capacities, or to third parties.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**INTRODUCTION TO ANNUAL ACCOUNTS**

The Annual Accounts comprise the following primary statements:

- Comprehensive Income and Expenditure Statement;
- Movement in Reserves Statement;
- Balance Sheet;
- Cashflow Statement; and
- Summary of significant accounting policies and other explanatory notes.

**Comprehensive Income and Expenditure Statement**

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from constituent authority contributions.

**Movement in Reserves Statement**

This statement shows the movement in the year on the different reserves held by the Board, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure) and other reserves. The surplus or (deficit) on the provision of services line shows the true economic cost of providing the Board's services, more details of which are shown in the comprehensive income and expenditure statement. The net increase/decrease before transfer to earmarked reserves line shows the statutory general fund balance before any discretionary transfers to or from earmarked reserves undertaken by the Board.

**Balance Sheet**

The balance sheet shows the value as at the balance sheet date of the assets and liabilities recognised by the Board. The net assets of the Board (assets less liabilities) are matched by the reserves held by the Board. Reserves are reported in two categories. The first of the category of reserves are usable reserves, i.e. those reserves that the Board may use to provide services, subject to any statutory limitations on their use (for example the capital receipts reserve that may only be used to fund capital expenditure). The second category of reserves is those that the Board is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the revaluation reserve), where accounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the movement in reserves statement line 'adjustments between accounting basis and funding basis under regulations'.

**Cash Flow Statement**

The cash flow statement shows the changes in cash and cash equivalents of the Board during the reporting period. The statement shows how the Board generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the authority are funded by way of taxation and grant income or from the recipients of services provided by the authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Board's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Board.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**NOTES TO THE ANNUAL ACCOUNTS**

**Note 1 - Accounting Policies**

**1. General Principles**

The Annual Accounts summarise the Board's transactions for the 2021/22 financial year and its position at the year end of 31 March 2022. The Board is required to prepare Annual Accounts by the Local Authority Accounts (Scotland) Regulations 1985. Section 12 of the Local Government in Scotland Act 2003 requires they be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 ("the Code") and the Service Reporting Code of Practice, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Annual Accounts is principally historic cost, modified by the revaluation of certain categories of Property, Plant and Equipment and financial instruments.

**2. Accruals of Income and Expenditure**

Activity is accounted for in the year that it takes place, not simply when payment is made or received. In particular:

- Revenue from the provision of services is recognised when the Board can measure reliably the percentage of completion of the transaction and when it is probable that the economic benefits associated with the transaction will flow to the Board;
- Expenses in relation to services received are recorded as expenditure when the services are received, rather than when payment is made;
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet based upon materiality;
- Interest payable on borrowings and receivable on investments is accounted for on the basis of the effective interest rate for the relevant financial instrument, rather than on cash flows fixed or determined by the contract; and
- Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where there is evidence that debts are unlikely to be settled, the balance of debtors is written down and charged to revenue for the income that might not be collected.

**3. Cash and Cash Equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

Cash equivalents are investments that mature in three months or less from date of acquisition and that are readily convertible to known cash amounts, with insignificant risk of change of value.

Investments held by the Board comprise solely of short term surplus funds held within the bank balances. All deposits are held in sterling. The carrying amount is the outstanding principal receivable.

Bank balances are included in the Balance Sheet at the closing balance in the Board's financial ledger and include cheques payable not yet cashed.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**4. Changes in Accounting policies, Estimates and Errors**

IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors requires disclosure of information on the expected impact of new accounting standards that have been issued but are not yet effective. These have been reviewed and are not deemed to be significant for the financial statements.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, events or conditions on the Board's financial position or performance. Where a change is made, it is applied retrospectively by adjusting opening balances and comparative figures, as if the new policy has always been applied.

Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years only.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative figures.

**5. Charges to Revenue for non-current assets**

Services are debited with the following amounts to record the cost of using or holding fixed assets during the year:

- Depreciation, attributable to the assets used by the Board;
- Revaluation and impairment losses, where there is no accumulated gain in the Revaluation Reserve; and
- Amortisation of intangible fixed assets.

The Board is not required to raise funds to cover depreciation, revaluation or impairment losses. Depreciation, revaluation and impairment losses and amortisations are replaced by the revenue provision by an adjustment within the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

**6. Intangible assets**

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Board as a result of past events (e.g. computer software and/or software licences) is capitalised when it is expected that future economic or service benefits will flow from the asset to the Board.

Assets are measured originally at cost and only revalued where the fair value of the asset can be determined by reference to an active market.

Where an intangible asset has a finite useful life, the depreciable amount of an intangible asset is depreciated over its useful life in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired any losses recognised are posted in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is recognised in the Surplus or Deficit on the Provision of Services when the asset is derecognised.

Where expenditure qualifies as capital for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the Board's balance and are therefore reversed out in the Movement in Reserves Statement and posted to the Capital Adjustment Account and the Capital Receipts Reserve.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**7. Property, Plant and Equipment**

Assets that have physical substance and are held for the supply of goods and services, either directly or indirectly, and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of property, plant and equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Board and the cost of the asset can be measured reliably. Expenditure that maintains, but does not add to the asset's potential to deliver future economic benefits or service potential, is charged as an expense when it is incurred.

Measurement

Initially measured at cost, comprising of:

- Purchase price;
- Any costs associated with bringing the asset to the location or condition necessary for it to be capable of operating in the manner intended by management; and
- The initial estimate of costs for dismantling and removing the item and restoring the site on which it is located to its original state.

Where property, plant or equipment are acquired in exchange for a non-monetary asset or assets, or a combination of monetary and non-monetary assets, the cost of the acquired item shall be measured at fair value unless there is no economic substance to the exchange transaction, or the fair value of neither the asset received nor the asset given up can be reliably measured. The acquired item is measured at fair value even if the Board cannot immediately derecognise the asset given up. The acquired item is measured at the carrying amount of the asset given up if it is not measured at fair value.

Assets are then carried in the Balance Sheet using the following measurement bases:

- Other buildings – fair value. Where there is no market based evidence of fair value because of the specialised nature of the asset and the asset is rarely sold, depreciated replacement cost is used as an estimate of fair value; and
- Plant and equipment and other non -property assets – fair value. Where assets in this class have either short useful lives or low values (or both), depreciated historical cost is considered to be a proxy for fair value where the useful life is a realistic reflection of the life of the asset and the depreciation method provides a realistic reflection of the consumption of the asset class.

Assets included in the Balance Sheet at fair value are re-valued regularly to ensure their carrying amount is not materially different from the fair value at the year end, as a minimum every 5 years.

Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains.

Where decreases in value are identified, the revaluation loss is accounted by:

- Balance of revaluation gains for the asset in Revaluation Reserve – the carrying amount of the asset is written down against that balance (up to the total gain); or
- No balance of revaluation gains for the asset in the Revaluation Reserve – the carrying amount is written down in the Comprehensive Income and Expenditure Statement.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

**Impairment**

Assets are assessed at the end of each financial year for evidence in impairment or a reduction in value. Where indications exist and any possible differences are estimated to be material, the recoverable amount on the asset is estimated and where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- Balance of revaluation gains for the asset in Revaluation Reserve – the carrying amount of the asset is written down against that balance (up to the total accumulated gains); or
- No balance of revaluation gains for the asset in the Revaluation Reserve – the carrying amount is written down in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would be charged if the loss had not been recognised.

**Depreciation**

Depreciation is provided on all property, plant and equipment over their useful economic lives, with an exception made for assets without a determinable finite useful life (i.e. non depreciating land).

The useful lives of assets, as estimated and advised by a suitably qualified officer, are as follows:

- |                          |             |               |
|--------------------------|-------------|---------------|
| • Other buildings*       | 20-60 years | straight line |
| • Vehicles, plant, equip | 5-10 years  | straight line |
| • Intangibles            | 5-10 years  | straight line |

\* Including components such as structure, mechanical and electrical, etc.

Where an item of property, plant and equipment assets has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current depreciation charged on assets and the depreciation that would be chargeable based upon historic cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

## **8. Employee Benefits**

### **Benefits payable during employment**

Short term employee benefits (i.e. fall due within 12 months of the year-end), such as wages and salaries, paid leave, paid sick leave, bonuses and non-monetary benefits for current employees are recognised as an expense in the year in which the employees render service to the Board.

An accrual is made against the services in the Surplus or Deficit on the Provision of Service for the costs of holiday entitlement and other forms of leave earned by the employee but not taken before the year end and which employees can carry forward into the next financial year.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

Any accrual made in relation to holiday pay only, is required under statute to be reversed out of the General Fund balance by a credit to the Employee Statutory Mitigation Account in the Movement in Reserves Statement.

**Termination Benefits**

Termination benefits are amounts payable as a result of a decision made by the Board to terminate an officer's employment before the normal retirement date or an officer's decision to accept a voluntary termination package in exchange for those benefits. Termination benefits do not provide the Board with future economic benefits and consequently they are recognised on an accruals basis immediately in the Surplus or Deficit on the Provision of Services line in the Comprehensive Income and Expenditure Statement when the authority is demonstrably committed to provision of the termination benefits.

Where termination benefits involve the enhancement of pensions, they are treated as pension costs for the purpose of the statutory transfer between the Pension Reserve and the General Fund of the amount by which the pension costs calculated in accordance with the Code are different from the contributions due under the pension scheme regulations. In the Movement in Reserves Statement appropriations are required to and from the Pension Reserve to remove notional debits and credits for termination benefits related to pension's enhancements and replace them with the cost of the cash paid, including any amounts due and not paid at the year end.

**Post-Employment Benefits**

Employees of the Board are members of The Local Government Pensions Scheme, administered by Glasgow City Council.

The scheme provides defined benefits to members earned as employees of the Board. The Local Government scheme is accounted for as a defined benefits scheme:

- The liabilities of the pension fund attributable to the Board are included within the Balance Sheet on an actuarial basis using the projected unit method (i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based upon assumptions about mortality rates, employee turnover rates and projection of earnings for current employees),
- Liabilities are discounted to their value at current prices using a discount rate of 2.7% (based upon the indicative return rate on long dated high quality corporate bonds);
- All assets are at bid value and are split into Quoted Prices in Active Markets and Prices not quoted in Active Markets, they are now shown in the notes in more detail; and
- Split by Equity Securities, Debt Securities, Private Equity, Real Estate, Investment Funds, Derivatives, Cash.
- The change in the net pensions asset / liability is analysed into six components:
  - Current service cost – the increase in liabilities as result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employee worked;
  - Past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement;

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

- Net Interest expenses – the expected increase in the present value of liabilities during the year as they move one year closer, less the fair value of plan assets debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- Gains/losses on settlements and curtailments – the result of actions to relieve the Board of liabilities or events that reduce the expected future service or accrual of benefits of employees – debited/credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement;
- Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – debited to the Pensions Reserve; and
- Contributions paid to the local government pension fund – cash paid as employer’s contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the Fund to be charged with the amount payable by the Board to the pension fund or directly to pensioners in the year, not the amount calculated in accordance to the relevant accounting standards. In the Movement in Reserves Statement this means that there are appropriations to and from the Pension Reserve to remove any notional debits and credits for retirement benefits and replace them with the cash paid or payable at the year end, to the pension fund and pensioners.

**Discretionary Benefits**

The Board also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the local government pension scheme.

**9. Events after the reporting period**

Events after the reporting period are those events (both favourable and unfavourable) that occur between the end of the reporting period and the date when the Annual Accounts are authorised for issue. Two types have been identified:

- Those that provide evidence of conditions that existed at the end of the reporting period – the Annual Accounts are adjusted to reflect this; and
- Those that are indicative of conditions that arose after the reporting period – the Annual Accounts are not adjusted to reflect this. However, if the event is material, a disclosure is made within the notes of the nature and financial effect.

**10. Operating Leases**

**Board as Lessee**

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense. Charges are made on a straight line basis over the life of the lease, even if it does not match the pattern of payment.

**Board as Lessor**

Where the Board grants an operating lease over an asset, the asset is retained in the Balance Sheet. Rental income is credited to the Comprehensive Income and Expenditure Statement. Credits are made on a straight line basis over the life of the lease, even if it doesn’t match the pattern of payment.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**11. Provisions**

Provisions are made where an event has taken place that gives the Board an obligation, either legal or constructive, as a result of a past event that results in a probable outflow of resources and a reliable estimate can be made of the amount of that obligation.

Provisions are charged as an expense to the Comprehensive Income and Expenditure Statement in the year the Board becomes aware of the obligation and measured at the best estimate at the Balance Sheet date, taking account of relevant risks and uncertainties.

When payments are eventually made they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year. Where it becomes less than probable that a transfer of economic benefits is now required; the provision is reversed and credited back to the relevant service.

**12. Contingent Liabilities**

A contingent liability arises where an event has taken place that gives the Board a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events, not wholly within the control of the Board. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but are disclosed as a note to the accounts, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

**13. Contingent assets**

A contingent asset arises where an event has taken place that gives the Board a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Board.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits.

**14. VAT**

VAT payable is included as an expense only to the extent that it is not recoverable from HM Revenue and Customs. VAT receivable is excluded from income.

**15. Reserves**

Reserves are created by appropriating amounts out of the General Reserve Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Reserve Balance in the Movement in Reserves Statement so that there is no net charge against requisition income for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets and retirement benefits and these reserves do not represent usable resources for the Board.

**Note 2 – Expenditure and Funding Analysis**

The analysis of income and expenditure on the face of the comprehensive income and expenditure statement is that specified by the Service Reporting Code of Practice. However decisions about resource allocation are taken by the Board on the basis of reports that are prepared on a different basis from the accounting policies used in the financial statements.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

In particular:

- no charges are made in relation to capital expenditure (whereas depreciation, revaluation and impairment losses in excess of the balance on the revaluation reserve and amortisations are charged to the Board in the comprehensive income and expenditure statement); and
- the cost of retirement benefits is based on cash flows (payments of employer's pension's contributions) rather than current service cost of benefits accrued in the year.

The difference between the employee costs figure and the figure reported in the Comprehensive Income & Expenditure Statement is due to accounting adjustments for pensions and holiday pay accrual as detailed in the table below. These costs are year-end adjustments that are offset by corresponding transfers to the Balance Sheet and the Movement in Reserves Statement. None of the other rows within the Comprehensive Income & Expenditure Statement would be altered in the Expenditure and Funding Analysis and therefore have not been included in the table below.

**2021/22**

	<b>Net Chargeable to the General Fund £000</b>	<b>Adjustments between Funding and Accounting Basis £000</b>	<b>Net Expenditure in the Comprehensive Income and Expenditure Statement £000</b>
Employee Costs	2,170	409	2,579
Depreciation	0	14	14
Capital Income	0	(23)	(23)
Net Interest on the net defined benefit liability/(assets)	0	53	53
<b>Total</b>	<b>2,170</b>	<b>453</b>	<b>2,623</b>

**Restated 2020/21**

	<b>Net Chargeable to the General Fund £000</b>	<b>Adjustments between Funding and Accounting Basis £000</b>	<b>Net Expenditure in the Comprehensive Income and Expenditure Statement £000</b>
Employee Costs	2,195	279	2,474
Depreciation	0	15	15
Capital Income	0	(22)	(22)
Net Interest on the net defined benefit liability/(assets)	0	76	76
<b>Total</b>	<b>2,195</b>	<b>348</b>	<b>2,543</b>

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**Note 3 – Operating Leases**

**Board as Lessor**

The Board leases out property under operating leases to provide suitable accommodation to Alpha Pets.

The minimum lease payments in future years are:

<b>31 March 2021</b>		<b>31 March 2022</b>
<b>£000</b>		<b>£000</b>
2	Not later than one year	1
0	Later than one year and not later than five years	0
0	Later than five years	0
<b>2</b>		<b>1</b>

**Board as Lessee**

The Board has acquired a number of photocopiers, scanners and letter openers by entering into operating leases.

The minimum lease payments due under non-cancellable leases in future years are:

<b>31 March 2021</b>		<b>31 March 2022</b>
<b>£000</b>		<b>£000</b>
3	Not later than one year	3
10	Later than one year and not later than five years	8
0	Later than five years	0
<b>13</b>		<b>11</b>

**Note 4 – Defined Benefit Pension Schemes**

As part of the terms and conditions of employment of its officers, the Board makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Board has a commitment to make the payments that needs to be disclosed at the time that employees earn their future entitlement.

The Board participates in the Strathclyde Local Government Pension Scheme, which is a defined benefit statutory scheme, operated as Strathclyde Pension Fund, and administered by Glasgow City Council in accordance with the Strathclyde Local Government Pension Scheme (Scotland) Regulations 1998. This is a funded scheme, meaning that the Board and employees pay contributions into a fund, calculated at a level intended to balance the pensions' liabilities with investment assets.

The employers' contribution rate is set by the Fund actuaries following valuation. The employer contribution rate for 2021/22 is set at 23.3% and 2020/21 was 23.3%. In 2021/22, the Board paid an employer's contribution of £0.320m (2020/21 £0.313m).

In addition, the Board is responsible for all pension payments relating to added years' benefits which it has awarded together with the related increases. Strain on the Fund costs are charged in year for any early retirals. There was no Severance or Strain on the Fund Payments during financial year 2021/22 (2020/21 £0).

The Board fully complies with the international accounting standard (IAS 19) concerning the disclosure of information on pension.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD**  
**ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

IAS 19 states that although the pension benefits will not be payable until the employee retires; the Board has a commitment to make these payments and must disclose the cost of this in its accounts at the time employees earn their future entitlements.

The Board recognised the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However the charge that the Board is required to make against its budget is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the general fund via the movement in reserve statement. The following transactions have been made in the comprehensive income and expenditure statement and the general fund balance via the movement in reserves statement during the year.

<b>2020/21</b>		<b>2021/22</b>
<b>£000</b>		<b>£000</b>
	<b>Net cost of services</b>	
556	Current service cost	771
0	Past service cost (including curtailments)	0
<b>556</b>		<b>771</b>
	<b>Financing and investment Income and Expenditure</b>	
76	Net Interest	53
<b>76</b>		<b>53</b>
<b>632</b>	<b>Total post-employment benefit charged to the Surplus or Deficit on the provision of Services</b>	<b>824</b>
(4,854)	Return on assets excluding amounts included in net interest	(1,464)
5,293	Changes in financial assumptions	(1,831)
(856)	Changes in demographic assumptions	(171)
(657)	Other experience	38
<b>(1,074)</b>	<b>Total remeasurements recognised in Other Comprehensive Income (OCI)</b>	<b>(3,428)</b>
	<b>Movement in Reserves Statement</b>	
(632)	Reversal of net charges made to surplus of deficit for post-employment benefits	(824)
<b>313</b>	<b>Actual amount charged against the General Fund balance in the year</b>	<b>320</b>
	Employer contributions payable to Scheme	320

The underlying assets and liabilities for retirement benefits attributable to the Board as at 31 March 2022 are as follows:

	<b>2020/21</b>	<b>2021/22</b>
	<b>£000</b>	<b>£000</b>
Fair value of plan assets	25,545	27,399
Present Value of defined benefit obligations	(27,736)	(26,673)
<b>Net (liabilities)/assets in the Strathclyde Pension Fund</b>	<b>(2,191)</b>	<b>726</b>
<u>Present Value of Unfunded Liabilities</u>	<u>(235)</u>	<u>(219)</u>
Pre Local Government Reorganisation		
<b>Net pension asset/(liability)</b>	<b>(2,426)</b>	<b>507</b>

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

For the Strathclyde Local Government Pension Scheme at 31 March 2022 the Board has a net asset £0.726m and for the unfunded liabilities a net liability of £0.219m, resulting in an overall net pension asset of £0.507m at 31 March 2022. This compares to a net liability of £2.426m as at 31 March 2021, representing an improvement in the position of £2.933m.

The actual return on assets is based on long term future investment return for each asset class as at the beginning of the period. The actual rate of returns is 7.7% as at 31/03/22, this is a decrease from 25.1% as at 31/03/21.

Liabilities are valued on an actuarial basis using the projected unit method which assesses the future liabilities of the fund discounted to their present value. The rate used to value liabilities is the basis of long dated high quality corporate bonds.

The movement during the year on the defined obligation is noted as:

<b>2020/21</b>		<b>2021/22</b>
<b>£000</b>		<b>£000</b>
24,556	Opening balance	27,971
556	Current service cost	771
0	Past service cost (including curtailments)	0
566	Interest cost	562
103	Contributions by Members	102
5,293	Actuarial gains/losses in financial assumptions	(1,831)
(1,706)	Other Experience	38
(9)	Estimated unfunded benefits paid	(9)
(532)	Estimated benefits paid	(541)
(856)	Changes in demographic assumptions	(171)
<b>27,971</b>		<b>26,892</b>

The movement during the year regarding the fair value of the employer's assets is noted as:

<b>2020/21</b>		<b>2021/22</b>
<b>£000</b>		<b>£000</b>
21,366	Opening balance	25,545
4,854	Expected return on assets	1,464
490	Interest Income	509
103	Contributions by Members	102
313	Contributions by employer	320
9	Contributions in respect of unfunded benefits	9
(9)	Estimated unfunded benefits paid	(9)
(1,049)	Other experience	0
(532)	Estimated benefit paid	(541)
<b>25,545</b>		<b>27,399</b>

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

The Board's share of the pension funds asset at 31 March 2022 comprised:

Asset Category	31 March 2021			31 March 2022		
	Quoted Prices in Active Markets £000	Prices not Quoted in Active Markets £000	Total £000	Quoted Prices in Active Markets £000	Prices not Quoted in Active Markets £000	Total £000
Equity Securities	5,793	30	<b>5,823</b>	6,024	13	<b>6,037</b>
Debt Securities	0	0	<b>0</b>	0	0	<b>0</b>

Derivatives	(2)	0	<b>(2)</b>	0	0	<b>0</b>
Cash & Cash Equivalent	466	14	<b>480</b>	688	9	<b>697</b>
<b>Totals</b>	<b>6,492</b>	<b>19,053</b>	<b>25,545</b>	<b>6,864</b>	<b>20,535</b>	<b>27,399</b>

**Asset and Liability Matching Strategy (ALM)**

The main fund (Fund 1) of Strathclyde Pension Fund does not have an asset and liability matching strategy (ALM) as this is used mainly by mature funds. The Fund does match, to the extent possible, the types of assets invested to the liabilities in the defined benefit obligation. As is required by the pensions and investment regulations, the suitability of various types of investment has been considered, as has the need to diversify investments to reduce the risk of being invested into narrow a range. The Fund invests in equities, bonds, properties and in cash.

The principal actuarial assumptions used at the balance sheet date are as follows:

	<b>31 March 2022</b>
Actual rate of return	7.70%
Inflation/pension increase rate	3.20%
Salary increase rate	3.90%
Discount rate	2.70%

**Mortality**

Life expectancy is based on the Fund's VitaCurves with improvements in line with the CMI 2021 model, with a 0% weighting of 2021 (and 2020) data, standard smoothing (Sk7), initial adjustment of 0.25% and a long term rate of improvement of 1.5% p.a. Based on these assumptions, the average future life expectancies at age 65 are summarised below:

	<b>Males</b>	<b>Females</b>
Current pensioners	19.6 years	22.4 years
Future Pensioners	21.0 years	24.5 years

**Sensitivity Analysis**

The estimation of defined benefit obligation is sensitive to the actuarial assumptions. The sensitivities regarding the principal assumptions used to measure the schemes liabilities are set out below:

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

	<b>Approximate % increase to Employer Liability</b>	<b>Approximate monetary Amount (£000)</b>
Rate for discounting fund liabilities (0.1% decrease)	2%	500
1 year increase in member life expectancy	4%	1,076
Rate of salary increase (0.1% increase)	0%	88
Rate of pension increase (0.1% increase)	2%	407

The total employer contributions expected to be made to the Local Government Pension Scheme for 2022/23 is £0.358m.

**Note 5 – External Audit Costs**

In 2021/22 the Board incurred the following fees relating to external audit in respect of external audit services undertaken in accordance with the Code of Audit Practice:

<b>2020/21 £000</b>		<b>2021/22 £000</b>
8	Fees payable for external audit services	8
<u>8</u>		<u>8</u>

**Note 6 – Property, Plant and Equipment**

<b>Movements in costs or values</b>	<b>Land &amp; Buildings £000</b>	<b>Plant &amp; Equipment £000</b>	<b>Total £000</b>

At 31 March 2021	<b>603</b>	<b>37</b>	<b>640</b>
At 31 March 2022	<b>638</b>	<b>36</b>	<b>674</b>

**Revaluations**

The Board carries out a rolling programme that ensures that all property, plant and equipment required to be measured at fair value is re-valued at least every five years. Valuations of land and buildings are carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors.

18	Other Local Authorities	10
<b>223</b>		<b>65</b>

**Note 9 – Balances & Reserves**

At their Board meeting on the 16 November 2012, the Board approved a Balance and Reserves Policy. The table below details the movement on revenue reserves this year.

<b>Restated Opening Balance at 1 April 2021</b>	<b>£000</b>
Revenue Gains/(Losses) on the fund	694
<b>Closing Balance at 31 March 2022</b>	<b>902</b>
<b>Earmarked Balances:-</b>	
2022/23 Budget	(239)
Barclay Review Funding	(58)
<b>Total Earmarked Balance</b>	<b>(297)</b>
<b>Total General Reserves (incl. £0.100m prudential reserve)</b>	<b>605</b>

**Note 10 – Capital Expenditure and Capital Financing**

The total amount of capital expenditure incurred in the year is shown in the table below, together with the resources that have been used to finance it.

<b>2020/21</b>		<b>2021/22</b>
<b>£000</b>		<b>£000</b>
12	Contributions from Authorities	21
10	Capital Funding from Current Revenue (CFCR)	2
38	Unapplied Capital contributions b/forward	41
<b>60</b>	<b>Total Capital Resources</b>	<b>64</b>
(5)	Upgrade PCs	0
(1)	Servers	0
(8)	Scanners & Laptops	(7)
(5)	Network Upgrade - Clydebank	(0)
0	NDR reform costs	(2)
<b>(19)</b>	<b>Total Capital expenditure incurred during the year</b>	<b>(9)</b>
<b>41</b>	<b>Unapplied Capital contributions c/forward</b>	<b>55</b>

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**Note 11 – Unusable Reserves**

<b>2020/21</b>		<b>2021/22</b>
<b>£000</b>		<b>£000</b>
604	Capital Adjustment Account	600
35	Revaluation Reserve	74
(2,426)	Pension Reserve	507
(61)	Employee Statutory Mitigation Account	(28)
<b>(1,848)</b>	<b>Total Unusable Reserves</b>	<b>1,153</b>

**Capital Adjustment Account**

The capital adjustment account absorbs the timing difference arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of acquisition, construction or enhancement as depreciation/impairment losses and amortisations are charged to the comprehensive income and expenditure statement (with reconciling postings to the revaluation reserve to convert fair value figures to a historical cost basis). The account is credited with the amounts set aside by the Board as finance for the costs of acquisition, construction and enhancement.

The account contains revaluation gains accumulated on property, plant and equipment before 1 April 2007, the date that the revaluation reserve was created to hold such gains. The movement in reserve statement provides detail of the source of all the transactions posted to the account.

**Revaluation Reserve**

The revaluation reserve contains the gains made by the Board arising from increases in the value of its property, plant and equipment (and intangible assets). The balance is reduced when assets with accumulated gains are:

- re-valued downwards or impaired and the gains are lost;
- used in the provision of services and the gains are consumed through depreciation;  
or
- disposed of and the gains are realised.

The reserve contains only revaluation gains accumulated since 1 April 2007, the date that the reserve was created. Accumulated gains arising before that date are consolidated into the balance on the capital adjustment account.

**Pension Reserve**

The pension reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Board accounts for post-employment benefits in the comprehensive income and expenditure as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However statutory arrangements require benefits earned to be financed as the Board makes employer's contributions to pension funds or eventually pays any pension for which it is directly responsible.

**Employee Statutory Mitigation Account**

The employee statutory mitigation account absorbs the differences that would otherwise arise on the general fund balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the general fund balance is neutralised by transfers to or from this account.

**DUNBARTONSHIRE AND ARGYLL & BUTE VALUATION JOINT BOARD  
ANNUAL ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2022**

**Capital Requisition Unapplied Account**

The capital requisition unapplied account represents capital contributions from the constituent authorities which have not yet been spent.

**Note 12 – Contingent Assets & Liabilities**

The Board has not identified any Contingent Assets and Liabilities.

**Note 13 – Contributions from Authorities**

<b>Revenue 2020/21</b>		<b>Revenue 2021/22</b>
<b>£000</b>		<b>£000</b>
1,297	Argyll & Bute Council	1,297
637	East Dunbartonshire Council	637
678	West Dunbartonshire Council	678
<b>2,612</b>	<b>Constituent Contributions</b>	<b>2,612</b>
143	Barclay Review Contributions	225
<b>2,755</b>	<b>Total Contributions</b>	<b>2,837</b>

**Note 14 – Government Grants**

Government Grant income of £0.125m was carried forward into financial year 2021/22, as an earmarked reserve held by West Dunbartonshire Council on behalf of the Board, to fund Scottish Parliament Election costs.

The Board credited £0.087m to the Comprehensive Income and Expenditure as shown in the table below.

<b>2020/21</b>		<b>2021/22</b>
<b>£000</b>		<b>£000</b>
117	Scottish Government	87
15	Cabinet Office	0
<b>132</b>		<b>87</b>

The remaining balance of £0.038m will be carried forward by West Dunbartonshire Council on behalf of the Board for use within 2022/23.

**Note 15 – Related Parties**

It is a requirement of the Code that material transactions with related parties (i.e organisations which the Board can influence or be influenced by) should be disclosed. The Board forms Group Accounts with three local authorities, namely West Dunbartonshire Council, East Dunbartonshire Council and Argyll & Bute Council. Sums paid by the local authorities to the Board are detailed in Note 13.

**Note 16 – Prior Year Re-Statement**

There has been a prior year adjustment to the 2020/21 financial statements in relation to the calculation of the 2020/21 holiday pay accrual. This has resulted in an increase of £0.017m to the reported Employee Costs figure shown within the 2020/21 Comprehensive (Income) & Expenditure statement which reduces the reported Total 2020/21 Comprehensive (Income) & Expenditure figure from (£0.861m) to (£0.844m).

The adjustment also affects the 2020/21 Balance Sheet with a consequential increase in the net liability of £0.017m, a reduction within the Usable Reserves of £0.007m and a reduction within the Unusable Reserves of £0.010m.
