

# The Register to Vote Deadline

On Tuesday 26 March, the Prime Minister calls an unexpected General Election.

The election will happen on Thursday 2 May.

There's a special 25 day election timetable. Events happen on specific days.

Your task is to work out the date by which people need to have registered to vote. If they aren't registered, they can't vote.

Thursday 2 May will be day 25 of the election timetable.

The deadline to register to vote is on day 13.

The date on which the Prime Minister visits the King is day 0.

Weekends don't count in the day tally. For example, if day 3 is a Friday, then day 4 is the Monday afterwards.

Bank Holidays don't count in the day tally. This year Good Friday is 19 April and Easter Monday is 22 April.
